Queen's University Memorandum

Date: 29 Oct. 1976

Subject:

Dear Harold—

I mailed my affidavit to you late in September or early in October and have had no word whether you received it and whether it is satisfactory. I am curious to know, for you have had problems with the mail before, and I would like to be assured that the thing got through all right.

Please drop me a short note about it.

Sorry that I can't linger and write longer, but I'm

extremely busy this year and on the run all the time.
Even so, it's nice to be back at my proper work.

Stay well.

Dick
